

PRESS RELEASE

Chiasso, January 22nd, 2018

CryptoPolis hosts its second Blockchain Meetup in Lugano

The Swiss association [CryptoPolis](#) is proud to announce the second blockchain meetup based in Lugano.

The event will be held on February 6th at 6.30 p.m. at the Pub Trinity based in Lugano (Canton Ticino), Via Luigi Canonica, 19.

During the evening, the CryptoPolis association will present some of the most important Swiss companies working in the digital currency sector for the first time, including [Ubiatar](#), [Eidoo](#), Phi Token and Sgame.

Present at the event, prominent personalities of the fintech and the blockchain world will give a speech, including **Ramona Gallo**, Committee member of CryptoPolis, **Marco Lucchetti**, COO at Ubiatar, **Daniele Bernardi**, CEO at Phi Token, and **Giampietro Cutrino** founder at Sgame.

About CryptoPolis

We would like to remember that, thanks to the CryptoPolis association support, Chiasso municipality decided to accept bitcoin for tax payments until 250 CHF starting from January 2018.

In fact, the main goal of CryptoPolis is promoting and supporting digital currencies use and the education in the blockchain sector to develop the best South European blockchain ecosystem.

Free Entry until all places. [Read more info here.](#)
